Dear Emory,

Thanks for your 12/11 and the interesting enclosures.

The whole thing is strange.

I don't have either CR 17 or CD 36.

They can't make a privacy claim for Shrand. Why not make the request for the info on the courses, etc., relating to him.

If you do, suggest you include proof he's dead. The published info ought be enough.

Hope you all have a good holiday.

Sincerely,

Hal
